WHAT IS OLIP?

MEET THE 2026-2027 OLIP COHORT

Each year, 10 individuals are selected from nearly 200 recent graduates in a competitive application process to join OLIP. This year's cohort is comprised of motivated interns bringing diverse experiences from various industries and universities across the world.

Upon collaboration, Partners of OLIP gain access to these future leaders of Ontario's society and beyond. Supporting the Programme is an investment toward a brighter future for this province and nation.

More information about the interns can be found in the enclosed OLIP Intern Biographies 2026-27, or on **our website**.

> *"If you are interested in public policy, the mechanics of government, and Ontario politics, there is no better programme available anywhere... I wouldn't have a chance to compete against the stellar candidates who become interns now, and their success in government, academia, and the private sector speaks to their high calibre."*

> Former Chief of Staff to Prime Minister Paul Martin

MEMBER OF PROVINCIAL PARLIAMENT (MPP) PLACEMENTS

Interns participate in placements with both government and opposition MPPs. Interns assist MPPs at Queen's Park and their respective constituencies, while gaining hands-on experience with the everyday operations of the Legislature.

RESEARCH

The interns' time at Queen's Park provides inspiration for developing an academic research paper about Ontario's legislature, provincial policies, and political landscape. These papers are presented at the Canadian Political Science Association's Annual Conference and often published.

STUDY TOURS

OLIP interns have the opportunity to conduct comparative study tours in legislatures across Canada and abroad. These tours enable interns to explore different approaches to governance and substantiate their understanding of various legislative processes.
